VOLUME CVIII.--NO. 79. ALEXANDRIA, VA., TUESDAY EVENING, APRIL 2, 1907. PRICE 2 CENTS.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's pecular diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such *professional* endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's *free* for the asking.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart-distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

DEATH OF BISHOP GRANBERRY.

Bishop John C. Granberry, of the Methodist Episcopal Church South, fell dead at Ashland at 9:30 o'clock yesterday while on his way home from the postoffice. Death was due to heart disease. Bishop Granberry was 76 years old, one of the oldest members in the conference, and as widely known and affectionately regarded as any minister in the Methodist Church in the State.

The funeral will take place in Richmond on tomorrow afternoon, probably from Centenary Church, and the interment will be in Hollywood. In the meantime the body will lie in state in the chapel of Randolph-Macon College.

Bishop Granberry was born at Norfolk. In 1844 he was converted at a revival meeting, and immediately joined the Methodist Church. In 1848 he was graduated from Randolph-Macon College and in November of that year he was admitted into the Virginia Conference. His first year was as a junior preacher in the Eastville circuit. In his second year he lived at Farmville. For two years he served as pastor of the Third Street Church, Lynchburg.

In 1850 his health broke down, and he was forced to discontinue the ministry for the time being. In 1854, however, he served as junior in the Loudoun Circuit. He served a year at Charlottesville, two years in Washington, D. C., and two years as chaplain of the University of Virginia.

It was while he was chaplain that he joined the Confederate Army in 1861. He was with the Eleventh Virginia Infantry, with which he continued until 1863. He became in that year a missionary in the army of Gen. R. E. Lee, and served in that capacity until the surrender at Appomattox.

Shortly after the close of the war he was appointed to the pastorate of the Market Street Church, at Petersburg, and remained in that city for three years. He preached four years at the Centenary Church, in Richmond, and nearly three years at the Broad Street Methodist Episcopal Church. In 1875 he moved to Nashville, Tenn., where he became professor of practical theology. He at one time was professor of moral philosophy. In 1882, at the general conference, he was elected bishop.

He was married three times, first to Miss Jennie Massie, who died in 1859, a year after their marriage. His second wife was Miss Ella Winston, who died in 1862. His last wife died several months ago.

Bishop Granberry was the author of a Bible dictionary and of numerous collections of sermons.

Several months ago his wife, an aged and popular lady, fell dead at Ashland as she was preparing to enter a carriage to take a drive with her husband. On the Sunday following her death she was to have been the guest of Dr. and Mrs. W. J. Young, of Richmond. It is asingular fact that Bishop Granberry was to be present in the home of Dr. Young next Sunday.

During the battle of Frazier's Farm he was shot in the temple, which resulted in blindness of his right eye. He was captured by McClellan's troops and carried to Fort Warren, Boston Harbor. Besides the blindness of his one eye the other had at times given him great trouble, and a serious disease of the lower jawbone required several operations.

Thirty-Dollar Hat Destroyed.

A $30 Easter hat which was being worn by Miss Celeste Manton, in Atlanta, Ga., for the first time, caught fire yesterday afternoon as Whitehall street was crowded with shoppers. The hat was destroyed, the young woman lost much hair, was scorched about the neck and face, and a panic resulted in the shopping district. An unknown man threw his spring overcoat over the young woman's head and suffocated the fire. In the wreck of the hat there was found the stub of a cigarette which had been dropped from a second-story window and had caused the fire. Miss Manton had just bought the hat and had tripped down the street to catch a car when she discovered her "lid" was on fire. She made frenzied efforts to tear the hat off, but hat pins held it on. The young man with the overcoat finally came to the rescue and saved the girl.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 30 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, APRIL 2, 1907.

THE LETTER of Edward H. Harriman to Sidney Webster, in which he declares that Theodore Roosevelt appealed to him to save the republican party from defeat in 1904, published in the Gazette's telegraphic dispatches today, will prove to be a bombshell to the present republican administration, and more especially to President Roosevelt, who is now posing as a champion of legislation supposed to be designed to curb trusts and railroad corporations. Harriman makes the bold charge that the President appealed directly to him and that he raised the $200,000 desired to swing the vote of New York state into the republican column. The President's main procedure in such emergencies is to positively deny statements derogatory to himself and he has resorted to his old tactics in this case. It will be remembered that Judge Alton B. Parker, democratic candidate for President on November 4, 1904, made the unequivocal declaration that the trusts were furnishing the republican campaign committee with funds. This charge was pronounced "atrociously false," by Mr. Roosevelt. It is hard to suppose that Harriman, occupying a prominent position in the financial world would have formulated such a charge without being able to prove its correctness. At any rate, it will require more than mere denials from Mr. Roosevelt to remove the imputation cast upon him.

THE EARLY spring time is generally recognized by the good housewife as the season for a general cleaning up within and without the home. This annual renovation not only beautifies the premises but also increases the healthfulness of the surroundings. To get the greatest comfort from one's environment not only beauty and sanitation must be looked after, but utility as well. A touch here, a change there, now this improvement, then that, and the desired end is reached. When these innovations are undertaken by concerted action, when neighbor is inspired by neighbor to cultivate flowers, or plant trees, or otherwise adorn and beautify his abiding place, the spirit of improvement grows and other households catch the infection, and before one realizes it the whole community takes on a handsome dress and more attractive face. Thus a very valuable and commendable public as well as private service is performed. While individuals are urged to act on lines suggested above, the city authorities should vie with them in their efforts to clean up the city. But little attention is given to the streets in the suburbs, which should not be the case, as dirty suburbs prevent the expansion of any community.

THE Dingley law fixed the duties on chinaware very high, but the manufacturers want them higher, and instead of getting the law amended by Congress they have been getting it amended by the Treasury Department. The chairman of their executive committee has had a desk in the office of the appraisers in the New York custom house, and one result of this is advances of from 30 to 300 per cent. in the assessments of imported pottery. Secretary Cortelyou has evicted the agent of the manufacturers from the custom house, and the importers are now making an organized effort to get the recent appraisals modified. Concerning this the Philadelphia Record very aptly asks, What would be thought if an agent of the importers were allowed to have a desk in the appraisers' office?

THE result of a series of endurance tests conducted by Professor Irving Fisher, of Yale, was announced by him last week. Forty nine persons were examined, including students, physicians, nurses and instructors, and the tests were such as holding out the arms as long as possible, deep-knee bending and leg raising, with subject lying on his back. Professor Fisher says that the non-flesh eaters have greater endurance than those accustomed to the ordinary American diet. Well, as the summer is coming on and the price of meats is very high, it would be a good time to try the vegetable diet experiment.

THE EXTENT to which the narcotic habit prevails in the French navy was illustrated a few days ago by the proceedings of a court martial at Brest. The defendants were half a dozen seamen of ordinary rating, who were charged with a considerable number of robberies. All the men were victims of the opium or the ether habit, or both combined, and were in the habit of bemuddling themselves daily with these drugs, and the robberies had been committed to gratify their passion. Severe sentences were passed.

THE RECORD breaking crowd which went to Atlantic City to spend Easter and take part in the board-walk parade, but which was caught in the rain, disappeared as if by magic, but, it is said, left with the hotel keepers of that resort $5,000,000. From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, April 2.

President Roosevelt this afternoon gave the lie to the assertions made in the alleged Harriman-Webster letter, by making public copies of two letters which the President wrote to Congressman Sherman, of New York last October. Mr. Roosevelt says he never requested Harriman to raise a dollar for the presidential campaign of 1904." He has reproduced several letters written to Harriman during the campaign of 1907 in order to rebute the charge made against him.

Rev. T. C. McCrea, the treasurer of the missionary relief committee at Chinkiang, China, and who is practically in charge of the distribution of relief, has sent a cablegram to Dr. Louis Klopsch, of the Christian Herald, regarding the situation in China, which has been communicated to the Red Cross headquarters here and to the State Department. The message, which is dated from Chinkiang, March 30, says: "Reports of improved conditions unfounded. Relief saving many but totally inadequate. Thousands are perishing. Missionaries in relief area are unanimous as to the urgent need until June."

Stephen Shelliga, of 2774 McCurdy street, Cleveland, Ohio, shot and instantly killed himself on a Baltimore and Ohio train between Lansville and Dickerson, Md., about 3 o'clock this morning. He was bound for New York city, having purchased a ticket at Pittsburg. The body was brought to the Washington morgue and Shelliga's Cleveland relatives notified.

John H. Bascher, a meat dealer, was given a verdict for $2,500 against the District. He claimed damages for injuries received in a fall on the street.

The Methodists.

The Baltimore Annual Conference of the Methodist Episcopal Church South opened its fifth session in Staunton yesterday with Rev. Forrest J. Prettyman, of Baltimore, temporarily presiding.

When the report of the board of temperance was read several lively speeches were made, a number of the members objecting to the resolution indorsing all the methods of the Anti-Saloon League, on the ground that every district of the conference is not familiar with the league's methods in every particular. Dr. Bennett addressed the conference, and in the course of his remarks declared that at this time 86 per cent of the incorporated towns of Virginia have abolished saloons. Bishop Hoss made a brief talk indorsing the remarks of Dr. Bennett. The report was amended and adopted.

The committee on Sabbath observance W. J. Whitsell, chairman, submitted its report, which was adopted by the conference. Among the resolution contained in this report is:

"That we record ourselves here and now as being opposed to all kinds of Sabbath desecation, especially Sunday excursions, handling of unnecessary traffic by railroads, Sunday newspapers, hunting, fishing, baseball and other sports."

Dr. Collins Denny caused a stir by offering a paper providing that presiding elders of Rockingham and Lewisburg districts form a committee to inquire into any infraction of the plan of federation agreed upon by the M. E. Church and M. E. Church South. It was passed without opposition.

An extensive report was submitted by Rev. H. H. Sherman, president of the board of education, and was unanimously adopted. In this report the property was shown to be valued at $698,000 and the various educational institutions to be in a prosperious conditions.

Modern Fairyland.

Was Aladdin's lamp so very wonderful? Today we touch a button when a message is needed; we press another and the room is flooded with light. It is not recorded that Aladdin's old brass implement was of any value for illuminating a dark room. Our slaves of the lamps do not terrify us by their horrid appearance; they are placed afar off in a home of their own and are always ready to furnish us with light and heat at any time of the day or night. Is not that simpler and more direct than to have an ugly piece of brass about with us, which, when rubbed, did not give what was wanted, but merely brought the servant?

And was the magic mirror so much superior to the telephone? Who would not prefer to talk with his friends to seeing them dimly through a clouded mirror? Truly, the telephone is one of the most romantic devices that has ever rewarded man's endeavors. And yet the magic mirror, while it seems improbable, may lead to it; but even then it would only supplement the telephone.

And in what way was the fairy boat or coach superior to the electric launch or automobile? True, the rider did not know how or why it moved; but this same advantage holds for many who today use these very equipages. Besides the boat of the Arabian Nights sank if a passenger spoke while aboad but no such calamity befalls the modern launch. And one can easily believe that we are not far from the true flying machine.—[Electrical Review.

The People to Pay.

Mr. Oscar G. Murray, president of the Baltimore and Ohio Railroad Company, in discussing the present railroad situation in connection with an advance in rates of transportation, among other things says:

Increase in expenses of railroad seems to justify increase in rates.

Prosperity has increased the volume of traffic so much that lines have found it impossible to supply additional equipment fast enough.

Rates are infinitesimally small compared with the value of articles transported or the cost of supplies to the public.

Railroad equipment costs more than it did last year.

Increased wages for employes adds another heavy item to operating expenses.

New York Stock Market.

New York, April 2.—11 a. m. London was seller of 25,000 shares chiefly Union Pacific and Canadian Pacific at and shortly after the opening. The result of this supply was declines in the first half hour ranging from 1 to 2 points in the general list with an extreme loss of 6¼ in Canadian Pacific. Amalgamated and Brooklyn Rapid Transit, however, held strong.

Chancellor von Buelow, of Germany, after a conference with the Italian Foreign Minister yesterday declared that the alliance of those two nations served to maintain peace and preserve the territorial statns quo in Europe.

Representative Samuel W. McCall, of Massachusetts, in an interview yesterday, came out for Speaker Joseph G. Cannon, of Illinois, for the republican nomination for President. Mr. McCall believes that Cannon will be a mighty strong candidate.

Mr. and Mrs. Douglas Robinson, of New York, were received in private audience in Rome, yesterday by Pope Pius, being introduced by Bishop O'Gorman of Sioux Falls. The Pope requested his visitors to convey to President Roosevelt his affectionate regards.

Virginia News.

Arthur Preyton McCarty died at his home in Caroline county Sunday aged thirty-seven years. He was a son of the late Preyton McCarty, of Baltimore.

Mrs. Mary L. Hudson, widow of Addison Hudson, died suddenly yesterday at the home of her son-in-law, Luther A. Wright, in Fredericksburg, aged eighty-four years.

Railroad Appointments.

In line with the policy of the Southern Railway Company, as outlined by President Finley, to bring about closer relations and harmonious co-operation with its patrons, and in order to place authorized representatives of the company in convenient proximity to the shipping public, the Southern Railway will, on April 4, appoint several general freight agents, with headquarters at different cities on its lines in the South, instead of having only one general freight agent at Atlanta.

Each general freight agent will have authority over the territory in his jurisdiction. Vice President J. M. Culp has issued circulars making the following appointments:

George R. Browder, now general freight agent of the system, will be made assistant freight traffic manager, with headquarters at Atlanta Ga.

John B. Munson, now general agent at New York, will be made assistant freight traffic manager, with headquarters at Washington, D. C.

J. H. Drake, general freight agent, Richmond, Va., in charge of lines in Virginia and Eastern and Central North Carolina.

E. H. Shaw, general freight agent, Charleston, S. C., in charge of lines in South Carolina and Western North Carolina and Augusta, Ga.

Randall Clifton, general freight agent, Atlanta, Ga., in charge of lines in Georgia and Florida.

H. L. Miller, general freight agent, Knoxville, Tenn., in charge of lines in east Tennessee.

R. B. Pegram, general freight agent, Nashville, Tenn., in charge of the Nashville division.

I. L. Graves, general freight agent, Memphis, Tenn., in charge of the Memphis division.

R. L. Simpson, general freight agent, Birmingham, Ala., in charge of lines in Alabama (except the Memphis division).

Under the present organization there are a number of assistant general freight agents and division freight agents, who report to the general freight agent at Atlanta, who in turn reports to the freight traffic manager at Washington. It is expected the under this new arrangement the adjustment of traffic matters and the transaction of business, whether by correspondence or by personal conference, will be facilitated.

Firm in His Convictions.

Mr. William J. Bryan has made it clear that he does not intend to retract one word of his speech in Madison Square Garden, New York, last year in which he advocated ownership and operation of trunk line railroads by the federal government and State ownership and operation of local lines. This policy aroused instant and vigorous opposition in the South, but Mr. Bryan is going to stick to it for his preliminary campaign in New England, which begins this month.

The Bryan press bureau in New York has ordered 100,000 copies of the Madison Square Garden speech printed in pamphlet form, and the distribution of them through New England will begin this week.

Mr. Bryan's personal representative in New York says that the only opposition in the democratic party to the railroad policy is found in the South, and largely in Virginia. He is said that in order to offset the feeling in the South the first speaker at the Brooklyn Democratic Club's Jefferson Day dinner, at which Mr. Bryan is to be the guest of honor, will be former Gov. Hoge Tyler, of Virginia, who will make a strong pro-Bryan speech. He said that at least two other southern democrats would speak and that all of them would heartily indorse Mr. Bryan and his railroad policy.

The promoters of the Brooklyn dinner say that 500 tickets have been sold, which is the limit of the seating capacity of the hall where the dinner is to take place, and that 1,200 additional applications for tickets are on file. The dinner is to take place on the evening of April 16.

After the Brooklyn dinner Mr. Bryan goes for a tour of the New England States, where he will lecture or speak under the auspices of the New England Democratic Progessive League. It is announced that all the money received over and above expenses will be used by the league for the circulation of literature and furtherance of the work of political education, which in this case will capture the delegates to the national convention of 1908, who will vote for the nomination of Mr. Bryan for president.

Today's Telegraphic News

Harriman Throws Bomb at the President

New York, April 2.—Not in years has such excitement been created by the explosion of a metaphorical bomb as today has been stirred by the publication of the letter of Edward H. Harriman to Sidney Webster, in which he declares that Theodore Roosevelt appealed to him to save the republican party from defeat in 1904.

Coming at the time it does, with the railroad situation in an acute stage and with the entire nation's eyes focused on Harriman and Roosevelt, the possible effect of the letter baffles even an intelligent guess. But of even greater consequence is the attitude in which it places President Roosevelt, who on November 4, 1904, made the unequivocal declaration that the charge made by Alton B. Parker that the trusts were furnishing the republican campaign committee with funds, was "atrociously false."

Harriman's letter states that the President appealed directly to him and that he raised the $200,000 desired to swing the vote of New York state into the republican column. Harriman admits writing the letter. All ears are now on the White House.

What will the President do? Will he deny Harriman's statement or will he explain his action satisfactorily. Will he repudiate Harriman or will the two get together for a council of war? Is there an explanation, or has one of the biggest financial political snarls of recent years been unexpectedly revealed? The next few hours will answer most of the questions.

Advices from Washington stated that the excitement created by the publication of the letter had not confined itself to the lower end of Manhattan Island, but that in Washington, too, the greater activity had been stired up.

Developments of a startling nature are anticipated from business quarters before the day is over.

The publication of the Harriman letter invovles a peculiar situation. It was only after Mr. Harriman had tried to prevent its publication, that he admitted the authenticity of the epistle.

Albany, N. Y., April 2.—The publication of the Harriman letter showing the alleged bargain between President Roosevelt and E. H. Harriman, was read with great interest here and by no one with quite such keen relish as by former Judge Alton B. Parker, who was defeated by Roosevelt for the presidency. Parker said he was loath to enter into any public discussion of the facts contained therein, but intimated that he might have something to say on the subject later in the day.

"If I do make any statement for publication," declared Mr. Parker, "I may require some data that I have on the subject and sending for it may require some time. I have read the letter said to have been written by Mr. Harriman with a great deal of care, but do not desire to be quoted on its contents at this present moment."

Friends of the defeated candidate, however, called attention to the fact that the statement contained in the Harriman letter regarding the raising of money by the railroad corporations was part of the charges made on the stump by Judge Parker while a candidate for the Presidency and that just a week before election he publicly charged that a mammoth "corruption fund" had been raised to defeat him. This was indignantly denied both by President Roosevelt and Chairman Cortelyou. Now, Parker's friends claim, he is being vindicated by the truth becoming known.

The Thaw Case.

New York, April 2.—A hard fight over the admission of expert testimony to show that Harry Thaw is insane at present, was expected when the lunacy commission which is now examining the slayer of Stanford White resumed its hearing today. Acting on the promise of the commissioners made on Saturday, to allow the alienists to testify as to what they observed of Thaw in court his letters and the testimony they heard, Jerome was prepared to fight hard to broaden this inquiry and force upon the commissioners the views of his experts that Thaw is an incurable paranoica, and for this reason should not be on trial for his life.

Thaw's lawyers, on the other hand, were just as determined to prevent such an examination of the alienists, if possible. The previous ruling of the board favored the Thaw lawyers.

Evelyn Nesbit Thaw was at the court house early in obedience to the subpoena served on her yesterday by Jerome calling her as a witness in the insanity proceedings.

About the court house it was felt the insanity proceedings would be wound up tomorrow at the latest and the board's report filed in time to allow Justice Fitzgerald either to order the trial to continue or discharge the jurors when they meet at 10:30 Thursday morning, in accordance with the findings of the examiners. That the report will favor Thaw was the common view.

Dr. McGuire the Tombs physician was called as the first witness before the lunacy commission today. Witness could not testify to anything irrational in Thaw.

Michael J. Delehanty, a Tombs attendant, succeeded Dr. McGuire on the stand. He testified as have other Tombs witnesses, that he never noticed anything irrational in Thaw.

Franklin Sheridan, another Tombs attache, then added his testimony that he had never seen or heard Thaw do anything irrational.

Dr. Hamilton subsequently took the stand and swore before the commissioners that he does not think Thaw is capable of advising his attorneys.

Dr. Hamilton said Thaw is suffering from chronic emotional insanity known as paranoia.

The Roumanian Revolt.

Bucharest, Romania, April 2.—Nearly 140,000 soldiers are under arms in Roumania to suppress the peasant uprisings. With this great force at the disposition of the government, the situation is quieting down somewhat. The bar has been placed on the troops to end their looting. At the same time the rioters realizing the havoc which can be worked by the soldiers if fresh repressive measures are resorted to, are ceasing their activity. In some of the provinces refugees who fled while the troubles were at their height, have returned home. Efforts are being made to repair the damage wrought by the rioters. While the situation is thus much improved, the danger is by no means over. Thousands of peasants are still marching through the country burning estates and attacking landlords.

The Chicago Election.

Chicago, April 2.—The battle of ballots which will today end the bitter contest between Mayor Edward F. Dunne and Postmaster Fred A. Busse for the office of Mayor, started today with a rush. When the voting places are closed it is expected that nearly 400,000 persons will have voted.

Busse and his friends claim he will be elected by 40,000 votes. Dunne is more modest in his claims. He figures that 35,000 will represent his plurality.

Aside from voting for a Mayor for the new term of four years, the citizens of of Chicago are also casting ballots today in the hope of settling the traction question which has been before them for so many years. On this issue Busse and the traction interests are on one side and Dunne fighting for the people's rights is on the other.

Ordinances recently passed by the city council are favored by the street car owners. The people will place their stamp of approval or disapproval on them today. If they are adopted, Mayor Dunne may never see his fond dream of municipal ownership.

Sensational Revelations.

New York, April 2.—Investigation of the books of the alleged pool-room trust under investigation by District Attorney Jerome today led to the sensational revelation of the connection of one "Grady" with the institution. This person appears on the books as "Sen. G.," "the Grady," "Grady," "The G.," and "G." The remarkable feature of the case is that Grady's "winnings," were paid at the same time the profits were divided and for a long time amounted to exactly sixteen per cent. of the total distribution. It is said that the sums paid "Grady," amounted to as much as $30,000 per year. Jerome began today to issue subpoenas for prominent persons whose names have come into the investigation as bettors or otherwise. It is said today that he will summon State Senator Thomas Grady to testify before the grand jury whether he knows who the person designated as "Sen. G" is.

Investigation.

Boston, April 2.—Investigation of the administration and finances of the Congregational Sunday School and Publishing Society, was begun today by the special committee appointed at yesterday's stormy meeting. During this meeting the directors and officers of the society were charged with incompetency and John Herbert, the society's attorney, under a sharp cross examination, told of a $12,500 shortage in the paper stock accounts.

After a bitter factional fight on the motions to investigate, and the Rev. C. H. Davis, of New Britain, Conn.; George D. Chamberlain, of Boston, and James Logan, of Worchester, were appointed to the committee. The committee was authorized to fill two vacancies in its membership. The committee is directed to report at the meeting on June 6.

Wants to Kill Gov. Stokes.

New York, April 2.—William J. Lee thinks the New York newspapers had better prepare the obituary of Governor Edward S. Stokes, of New Jersey, today, so that they will have it ready when Lee "gets" the Jersey Governor, as he says he ultimately will. He says the Jersey machine so controls the newspapers there that when he "does kill Stokes all kinds of lies will be printed." Lee wrote Stokes a letter saying he would kill him. It is incoherent and rambling, but its import seems to be that he wants to kill the Jersey Governor in revenge for his incarceration in an insane asylum. He also wants to kill Judge Vroom who sent him to the mad house. He says he lives only for one thing—to have the stigma of insanity taken off. He says that if he kills Stokes, the authorities will try to make him out sane so they can have him electrocuted.

Strike Prospects.

Chicago, April 2.—Peace stock has gone up several points in the railroad strike situation. The prospect was that the roads would give the full 12 per cent. wage advance asked, at least to one class of train conductors and probably to flagmen. In return the men were said to be prepared to waive their demand for a nine hour day. Only one disturbing feature appeared. This was the aggressive attitude assumed by the locomotive firemen. The firemen assured Chiefs Garretson and Morrisey, of the trainmen and conductors, of their intention to support them in their demands, if necessary they declared they would go to the extent of breaking off negotiations in which they are engaged, with the general managers.

The Christian Scientists.

Concord, N. H. April 2.—Mrs. Mary Baker Eddy, founder and Mother of the Christian Science sect, has given her millions into the charge of three men prominent in the church, who will act as trustees as long as their lives. Transfer was made on March 6th and became known at 3 o'clock this afternoon when her attorneys appeared before the Superior Court to make return to the suit in equity to compel the leaders of the church to answer to charges of mismanageing and misappropriation of Mrs. Eddy's property.

Charged with Libel.

Philadelphia, April 2.—William J. Huey, chairman of former Mayor Weaver's gas committee was arrested today on the charge of libel. It is alleged that he charged Vice President Clark, of the United Gas Improvement Company, with attempted bribery. A hearing will be held at noon.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CARD FROM MR. MACHEN.

To the Editor of the Alexandria Gazette.

Sir.—My attention has been called to the comments of Hon. A. Caperton Braxton, published in your editorial columns Saturday, upon my suggestion that the so-called "unwritten law" should be written. I have great respect for Mr. Braxton's opinion and have frequently consulted him in regard to legislation which I have proposed heretofore. But if he has been correctly quoted in the interview mentioned I cannot help thinking that he spoke without considering carefully the bill which I suggested.

He says it is wrong in theory. I had supposed that a theory that juries should be permitted to do justice without violating their oaths was a very correct theory. He says it would be a step backwards towards barbarism. I had supposed that the manufacture by astute criminal lawyers of fictitious defences such as "brain storms" and "emotional insanity" was a step backward toward the absurd legal fictions of three hundred years ago. To write the law in accordance with public opinion is a modern idea.

He says it would be better to allow each case to be considered upon its own facts than to have a hard and fast rule for all this class of cases. That is exactly my contention. We have the hard and fast rule now. The husband who pursues and kills the ravisher or seducer of his wife or daughter is guilty of murder.

The proposition is to modify such an unjust and unenforceable law and to allow the jury to say, upon the facts of each case, whether the accused was justified in what he did.

The fact that some vicious or weak minded persons may be encouraged by such a law to commit attacks upon innocent people should not prevent the enactment of a law which is just. The law of self defense, or the law excusing the acts of insane persons may have some such effect. Everybody knows that these laws are often improperly invoked to excuse crime, but nobody wants them abolished on that account. The statute proposed would apply only to cases where there has actually been a wrong upon the person of a near female relative. Even in such cases it does not say that there shall be an acquittal in every case; it only says that the jury may judge whether the accused was justified in what he did.

If it can be said that Virginia juries will unanimously justify crime, then, of course, the statute would be very, very dangerous—and also Virginia juries.

Respectfully,

LEWIS H. MACHEN.

Hospital on Mount Olivet.

Jerusalem, April, 2.—The foundation stone of the new German hospital on the Mount of Olives was laid yesterday in the presence of the Governor of Jerusalem, other local officials and many spectators, to the accompaniment of cheers for Emperor William and the Sultan of Turkey who gave the land and authorized the construction of the hospital. Dr. Dryander, the Court chaplain of Berlin, represented Emperor William and Baron von Mirbach represented the Empress. The former read a telegram from the Emperor greeting the Germans, the local authorities, and the representatives of other nations and faiths who attended the ceremony, and invoking the blessing of the Almighty on the hospital.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by E. S. Leadbeater & Sons, druggists. 50c.

AN ORDINANCE to provide for the grading, paving and curbing of King street, from the east crossing of Fayette street, west to the east crossing of Peyton street, under certain conditions.

Section 1. Be it ordained by the City Council of Alexandria, Virginia, that the Committee on Streets is hereby authorized and directed to have King street, from the east crossing of Fayette street, west to the east crossing of Peyton street, with the exception as described in section 2, of this ordinance, graded and paved from curb to curb and to have said street, as above described, curbed in a good and substantial manner, under the supervision of the City Engineer, using for the paving vitrified brick on a six (6) inch concrete base and for the curbing a six (6) inch granite curb, set in concrete.

And the said Committee on Streets shall advertise for ten (10) days in some newspaper published in the city of Alexandria, Virginia, and in any other newspapers and publications should they deem it necessary, for proposals for materials and they shall do said grading, paving and curbing by day labor, or if in their opinion the best interest of the City Council will be subserved thereby, by contract under bond, after advertisement as hereinbefore provided for materials.

Section 2. Be it further ordained that no curb shall be set, and that no grading or paving shall be done within seven (7) feet of the curb line in front of any property, unless an amount equivalent to two dollars and fifteen cents ($2.15) per front of said property, be voluntarily deposited, either before or during the grading and paving of the center portion of said street directly in front of said property, with the City Treasurer, for defraying a portion of the expense of grading, paving and curbing the said street.

Section 3. Be it further ordained that the portion of the said street in front of any property which may not be curbed, graded and paved in the manner aforesaid, by reason of section 2 of this ordinance, shall, upon there being voluntarily deposited with the City Treasurer, of an amount equivalent to the actual cost of labor and materials necessary to so curb, grade and pave in front of said property, be so curbed, graded and paved.

Said voluntary deposits mentioned in this and the preceding section may be in cash, or may be part cash and the balance in notes, as may be agreed upon by a majority of the Finance Committee of the City Council of Alexandria, the payment of said notes to be secured in a manner satisfactory to a majority of said committee.

Section 4. Be it further ordained that as said grading, paving and curbing is being done, the Auditor is authorized to draw warrants, from time to time, upon the Treasurer of this city, in an amount not to exceed ninety-five hundred dollars ($9,500.00) to pay for said grading, paving and curbing, and a sufficient amount of money for such purpose, not to exceed ninety-five hundred dollars ($9,500.00), is hereby appropriated.

Section 5. This ordinance shall be in force from its passage.

AN ORDINANCE to authorize the Southern Railway Company to construct, maintain and operate, with its locomotive engines and cars, a spur track, on the east side of Union street, between Cameron and Queen streets, in the city of Alexandria, connecting with the main tracks of the Southern Railway Company on Union street.

Section 1. Be it ordained by the City Council of Alexandria that the Southern Railway Company be and it is hereby authorized and empowered to construct, maintain and operate, with its locomotive engines and cars, a spur track, on the east side of Union street, between Cameron and Queen streets, in the city of Alexandria, Virginia, connecting with the main tracks of the Southern Railway Company on Union street; said track to be in front of the property of the Mutual Ice Company and Henry K. Fiel and Company.

Section 2. Be it further ordained that the said track shall be laid and all work upon the same be done under the supervision of the City Engineer in accordance with the drawing submitted and on file in the office of the City Engineer, the east rail to be five feet from the building line.

Section 3. Be it further ordained that the space between the rails and two (2) feet on east side thereof shall be properly planked with heavy oak planking and paved with Belgian block to the building line on the east side, and that proper arrangements be made for the drainage of said track.

Section 4. Be it further ordained that said track shall be at all times kept in proper repair.

Section 5. The City Council reserves the right to repeal, alter or amend this ordinance.

Section 6. This ordinance shall be in force from its passage.

Passed the Common Council March 26, 1907.

Up to Alexandria.

While the Court of Appeals sustains legal rulings of the court below, in the case of Wright, the negro of Alexandria now under a sentence of death, we earnestly hope that a strong petition will be sent to the governor for commutation or delay in the execution so that the case may be sifted thoroughly. The Court of Appeals divided and the decision, we believe, was given by a bare majority. The dissenting opinions are very strong and impressive and certainly demand careful attention. Governor Swanson, very properly, has the most profound respect for the findings of a jury. Nevertheless, he realizes, as every thinking man does, the possibilities of mistakes in time of high excitement and strong provocation and is likely to give respectful heed to the opinions of a larger jury of the vicinage, expressed in a petition from the community in which the alleged crime occurred and the trial was had. It is a question for the people of Alexandria county and that neighborhood to consider promptly and earnestly. If there is any general feeling that this negro is the victim of a mistake a petition to the governor ought to be prepared and generally signed. The final results, to a great extent, is in the hands of the people. They can direct the governor's special attention to the case and let him know whether the feeling among intelligent citizens who know all the persons involved, the witnesses, the character of the testimony and the facts, has been modified by developments or calm thought since the trial. They can present conditions and considerations appealing for clemency and we are sure that with the life of this man and the honor of the State involved the governor will spare no pains, thought or care in conducting an inquiry as thorough as propriety and the conditions will premit.—[Richmond News Leader. [This case is one for the county and not the city, but the views expressed by our contemporary are those entertained by many citizens of Alexandria.]

Confederate Veterans.

R. E. Lee Camp, Confederate Veterans, held their regular meeting at their hall last night.

A communication from the chairman of the reunion entertainment committee in reference to quarters in Richmond during the reunion was read.

The following officers were elected to serve during the coming year: Commander, W. A. Smoot; First Lieutenant, W. W. Sherwood; Second Lieutenant, J. W. Hammond; Third Lieutenant, Jno. Hooff; Adjutant, C. S Taylor; Treasurer, W. W. Sherwood; Chaplain, K K mper; Quartermaster, Alexander Lyles; Officer of the Day, Jesse Murray; Vidette, W. H. Yeatman; Executive Committee, Edgar Warfield, G. Wm. Ramsay, and F. J. Davidson.

The following committee was appointed to make arrangements for the observance of Memorial Day, May 24th next.

At the monument, Comrades Ramsay, Gorman, Perry, Lyles and Latham; to assist the ladies, Comrades Milburn, Warfield, Appich and Davidson; Ivy Hill cemetery, Comrades Blackford, Wise and Herbert; cemeteries near city, Comrades Hammond, Yeatman, Zimmerman, Blackburn, Sherwood, Knox, Taylor and Graham; St Mary's cemetery, Comrades Gorman, Hurdle and Latham; on orator and music, Comrade C S. Taylor.

Washington Guards Return.

The Washington Guards, under command of Capt. T. M. Larkin, returned here from Alexandria on the 8:59 train Saturday night, having in charge the prisoner, Midgets, who had been sentenced in Alexandria on Saturday evening to be hanged for murder. As soon as the company left the train a hollow square was formed with Midgets in the center handcuffed to Private Robert Howe. The company marched to the jail, where Midgets was placed in a secure cell. He will remain in jail here until May 23rd, the day before the time for his execution, when he will be taken back to Alexandria. The soldiers then marched to the armory, where they deposited their luggage and were dismissed. Before they left Capt. Larkin took occasion to compliment the men on their demeanor while in Alexandria and thanked them for the good record they had made.—[Fredericksburg Star.

Potomac Fishing.

The catch of herring on the Potomac and creeks contiguous is increasing. Herrings are still high, but will be much lower in a few days. They sold in market Saturday morning for 30 and 40 cents per dozen. Rock brought 12 to 15 cents per pound. Perch and catfish are plentiful and sell at 20 to 40 cents per bunch. The big seines on the Potomac will be put in next week. Faunce will fish Marlboro and Herring & Pyke at Widewater. Faunce has had his small seines out at Marlboro all winter and the catch, while not large, has been profitable on account of high prices prevailing for fish.—[Fredericksburg Lance.

The prevailing cold weather and northwest winds have caused an advance in the prices of fish. About 8,000 herring reached Fishtown yesterday. Receipts of shad are still meagre and prices are firm.

Alleged Youthful Thieves.

The police have obtained no clew to the identity of the thieves who entered the residences of several citizens early last Sunday morning and stole food and clothing. The police still have a theory that the work was done by certain boys who have from time to time given their parents and the police trouble. These youths roam the streets or gather on corners during the day to the annoyance of residents of certain neighborhoods and at night engage in more mischievous pursuits. The police should let all such know that if their parents fail to keep them off the streets or procure honest employment for them, that the doors of the reform school will be opened for their reception, as has been done recently to certain colored youths who have been arraigned for incorrigibility.

George L. Summers.

For nearly half a century Mr. George L. Summers has been a resident and citizen of Barnesville, a long, long time, for he came here from Virginia away back in 1859. When the war broke out he went back to Alexandria, Va., his home, and enlisted in the army in behalf of his beloved State and as he has done wherever he has been placed he faithfully performed the duties which devolved upon him. After the war he came back to Barnesville and this has since been his home.

Mr. Summers is an honored citizen of the community. He is known far and wide as one of the most indomitable, persistent workers who has ever lived. He does not know what it is to give up—he's never been a "quitter' in any sense, and even now, after the burden of years has accumulated upon him and he doesn't have to work, he is as energetic and diligent as most young men. Like most men, he has had his ups and downs but you can't keep a man like him down and he is now on "Easy street," in recent years having accumulated a large fortune, he and his son, Mr. C. O. Summers, owing the Summers Buggy Co., which is a fine property. Mr. Summers has always taken a leading part in the progress and development of the city, having been mayor and held other important positions of trust from the people. There are thousands to rejoice with him in the good fortune which is his and it is hoped that he may be spared many years yet in which to enjoy the benefits of his well earned reward.—[Barnesville, Ga., News-Gazette.

Stepped from Moving Train.

J. A. Downing, living in Virginia, had a narrow escape from serious injury if not death, early last night. He was a passenger on a north bound Southern Railway train, and when the train left the new passenger station Downing walked out on the platform. After the train had gained speed and had reached the culvert over Braddock road, on the confines of this city, Downing stepped from the platform and was precipitated to the road beneath. His groans attracted the attention of Mr. C. A. Shaffer, who lives near by, and he went to the man's assistence. He soon brought a vehicle into which he placed Downing and took him to the Alexandria Hospital, where he received surgical aid. His injuries are not thought to be serious. Downing says he thought the train had arrived in Washington when he stepped from it.

Vestrymen.

At the annual election of vestrymen of Grace Church held last night the following gentlemen were re-elected: Chas. King, C. N. Moore, W. H. McOuen C. J. Deahl, C. O. Pulman, H. S. Brown, D. E. Webster, Frank T. King, S. M. Pulman, C. A. Shaffer, G. W. Hulfish and W. L. Martin.

At a meeting of the newly elected vestry of Christ Church held last night the following officers were elected: W. A Smoot and H. T. Robertson, wardens; G. L. Boothe, registrar, and H. R. Burke, treasurer. Dr. L. M. Blackford was elected delegate to the council and Mr. W. A. Smoot, alternate. The wardens were authorized to sign the agreement to paying the church's share for the proposed street improvement in front of the rectory on north Washington street.

Woman Fined.

A young woman named Lena O'Bannon was fined $5 in the Police Court this morning for disorderly conduct. The woman had been arrested in a house on Cameron street where, it is alleged a number of young girls gather, whose conduct has at times attracted the attention of neighbors as well as of the policemen. The O'Bannon woman married a Marylander last December, but she recently left him and came to this city. The husband later arrived on a search for his wife. Lieutenant Smith and Officer Young found the woman in the Cameron street house last night and took her in custody. Justice Caton warned the men who live in the house of the consequences if the woman and the girls are allowed to frequent the place.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Herbert Struder, arrested by Officers Young and Sherwood charged with assaulting Mrs. Cole, forfeited his collateral by failing to appear.

Lena O'Bannon, arrested by Lieutenant Smith and Officer Young charged with disorderly conduct, was fined $5.

Death of Mrs. Rittenour.

Mrs. Grace Rittenour, wife of Dr. Avery A. Rittenour, died at her residence on King street at 3 o'clock this morning. Besides her husband, the deceased leaves one child, a son. Mrs. Rittenour was a native of Washington and was the daughter of John T. Prout, of that city. She was also a niece of Mr. J. W. Hammond, of Alexandria.

Installation.

The newly-elected officers of Alexandria Lodge of Elks were installed at the meeting last night, by Past Exalted Ruler Jacob Brill. The newly-installed Exalted Ruler, Harry Fleishmann, was the recipient of a bouquet of American Beauty roses, and later a social session was held which proved interesting and entertaining to all present.

Cold Weather.

The cold weather of yesterday continued throughout last night, the brisk northwest wind showing no signs of diminution. The mercury in the thermometer early this morning had fallen to 24°, and considerable ice formed in exposed places. The temperature today has been low and the heavens clear.

Pound Party.

A pound party was given at the Children's Home, yesterday. The appeal for aid was generously responded to, many citizens sending donations. This is a most worthy and charitable object and much good is being done by the ladies having it in charge.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Cedell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried 1 w. King's New Discovery. It took less than one bottle to completely cure me." The surest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1.00. Trial bottle free.

Proposed New Electric Road.

From time to time reports have been circulated in this city to the effect that certain capitalists were considering the advisability of constructing another electric railway between Alexandria and Washington. These rumors have been again revived—in fact they appear to have crystalized into a movement having such an end in view. The new organization will be known as the Alexandria and Washington Railway Company, and it is said that it is their intention to make an initial movement toward building the road by submitting a proposition to the City Council in the near future for the use of certain streets in Alexandria for their purposes. The promoters of the company are Canadians, and it is alleged that they can command capital sufficient to carry out their purposes.

According to the petition which it is said will be submitted to Council, the company will be ready to begin work about the first day of July, and they believe they can have the road in operation within the next two years. Should the road be constructed, the fare will be five cents each way. No one seems to be able to state which of the streets of the city the new company desires to utilize, nor what route the road will take outside the city limits. The new company will, of course, endeavor to enter Washington via the new highway bridge.

Mr. C. J. Rixey, President of the Virginia Safe Deposit and Trust Corporation of this city, yesterday received a communication from Holmes Jones, of the Canadian Amusement Company, limited, with headquarters at Hamilton, Ont., enclosing the proposition to be submitted to the City Council of this city. Mr. Rixey turned the same over to Mayor Paff. Mr. Jones's letter was written from Burlington Beach Park.

Property Sales.

Mr. Thomas B. Murphy, formerly of Richmond but now of this city, who recently purchased from the heirs of the late Judge John Critcher, the latter's residence on the east side of Alfred street between King and Cameron, has sold that property to Mr. Egbert C. Thompson, of lower Fairfax county, for $7,000. It is now understood that Mr. Thompson will now make this city his home.

Mr. Carroll Pierce, as agent for the heirs of the late W. Frank Lambert, has sold to Mr. Thomas B. Murphy the residence of the late Mr. Lambert on Duke street, near Royal. The consideration named is $9,000.

Mrs. India A. Hudson and Mr. W. D. Hudson have sold to Mr. A. J. Dienelt the building occupied as a drug store on the north side of King street, between Henry and Fayette.

Personal.

At the M. E. Church South Conference at Staunton today, Rev. E. V. Regester was appointed presiding elder of this district, in place of Rev. Mr. J. T. Hutchinson. Rev. Mr. Bulla is returned to this city, and Rev. J. P. Stump goes to Middletown.

Miss Nannie L. Jones has returned from a delightful visit to friends in Baltimore.

Mr. W. M. Reardon is quite sick at his home, on Prince street.

Mrs. Hesselius Smith will leave tomorrow for West Virginia on her way to the head of the Great Lakes, where she will spend the summer with her sister, Mrs. R. B Dear.

A reception was held by the Brotherhood of St. Andrew at St. Paul's Church last night, which was well attended and at which all present spent a most enjoyable evening.

Special Music.

At the Second Presbyterian Church last Sunday morning and night the choir, under the leadership of Mr. G. B. Kennedy, who is a ruling elder, rendered some unusually fine anthems. Large congregations were present at both services, and requests have been made that the special music be repeated. This will most probably be done next Sunday. The choir is composed of Miss Mary Moore, Miss Alice Chinn and Mrs. R. Lee Field, soprano; Miss Ruth Field and Miss Lucy Graves, alto; Messrs. G. N. Mezick and A. C. Slaymaker, tenor; Messrs. G. B. Kennedy and F. L. Slaymaker, bass. At the night service the regular choir was assisted by Mr. Maddox and Mr. Chadwick, of St. Paul's choir.

Committee Meeting.

Mr. Gardner L. Boothe today received from Mr. Thomas H. Lion, secretary, a letter notifying him that by direction of Mr. G. S. Shackelford, chairman of the Eighth district committee, that a meeting will be held at Manassas at 2 o'clock tomorrow evening to fix a time for holding a primary to nominate a democratic candidate for Congress. Under the democratic plan sixty days notibe must be given before such primary can be held. It is believed that the time will be fixed at or about the middle of June. The committee is composed as follows: George S. Shackelford, Orange; Gardner L. Boothe, Alexandria; Thomas H. Lion, Manassas; Granville Gaines, Warrenton, and Raleigh Green, Culpeper.

Killed by a Train.

Ella Mitchell, an elderly colored woman, was killed by a train near the Potomac freight yards, in Alexandria county, late yesterday afternoon. The unfortunate woman was an inmate of a home for aged colored women in the extreme northwestern section of Alexandria and had started to walk to Washington to visit her daughter when she was run down by a passenger train and instantly killed. The remains were brought to Mr. B. Wheatley's undertaking establishment in this city. The deceased was 80 years old, and in by-gone years belonged to the late Augustine Hudson. Dr. S. T. Ashton, County Coroner, this afternoon held an inquest.

Preparing for New Building.

Dr. G. T. Klipstein will in a short time begin the erection of a brick store and flat on the lot on the south side of King street, one door from St. Asaph, now used as a fruit store. The present occupants have been notified to vacate the premises, and when they shall have complied the work of constructing the new building will be commenced.

The Montagnini Documents.

The Paris Figaro prints textually three papers from the seized Montagnini documents. The third of these is a leter from Mgr. Montagnini to Cardinal Merry Del Val, dated January 6, 1905, informing the cardinal of the intended retirement of Gen. Horace Porter, the American Ambassador, and saying that influence was being brought to bear on President Roosevelt to get him to not fulfill a promise, made three years previous to Bellamy Storer, then Ambassador to Vienna, and excellent Catholic, to appoint him Ambassador to France.

Mgr. Montagnini added that President Roosevelt was being made to believe that a Catholic as Ambassador to France at that time was impossible, and that "President Roosevelt, who is, after all, a free thinker, believing it more preferable to M. Delcasse, is disposed to accept the proposal of his secretaries, who suggest for the Paris post Mr. Meyer, who is ignorant of French, and of Jewish origin. I know that someone will make overtures with M. Delcasse, and eventually with the President of the republic in favor of Mr. Storer."

Another letter to Cardinal Del Val says that Deputy Piou told Mgr. Montagnini, as a great secret, that he (Piou), through the mediation of a good American lady, had been able to converse several times with M. Clemenceau, once remaining two hours at lunch at the lady's house. It adds: "By means of money it is possible, according to M. Piou, to cause M. Clemenceau to agree to leave the churches to the Catholics, and that he would work against the associations cultuelles as proposed by the law, but M. Piou tells me that it would need a very large sum."

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street New York.

FOR OVER SIXTY YEARS,

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.
